NEERAV BHUYAN

Statistics & Data Science Student

neeravbhuyan@gmail.com | LinkedIn | GitHub | Portfolio Website | New Delhi, India

Statistics and Data Science student combining statistical reasoning, mathematics, and programming to build models that learn, perceive, and support decisions. Experienced with regression, convex optimization, and applied ML through hands-on independent projects.

EDUCATION

Indian Statistical Institute, Delhi — *Bachelor of Statistical Data Science (66 % in Semester 1, 73.2 % in Semester 2)*
2025 – Present • New Delhi, India

- Coursework: Probability Theory, Data Structures and Algorithms, Statistical Inference, Optimization & Numerical Methods, Multivariate and High-Dimensional Analysis, Database Management Systems

WORKSHOPS & EXPERIENCE

IIT Ropar — *NS2ML-DE 2026 Workshop Participant*
July 2026 • Rupnagar, India

- Explored numerical PDE/ODE solvers and Physics-Informed Neural Networks through MATLAB/Python labs led by domain experts.

PROJECTS

Billboard Top Songs Analysis (2018–2025)

- Analysed 800 Billboard Hot 100 tracks using R and Python, integrating Spotify API, Maven Analytics, and AcousticBrainz data; applied KNN imputation and explored acoustic trends behind chart success.

Constrained LPG Allocation Model

- Formulated a strictly convex Quadratic Programming model to optimally allocate India's rationed LPG supply across sectors amid supply-chain disruption.

GhostFaces: Facial Recognition via Eigenface and SVM

- A rudimentary end-to-end facial recognition pipeline designed for unconstrained, high-dimensional datasets.

SKILLS

Languages	Python, R, JavaScript, SQL
Statistical Methods	Regression Analysis (Linear/Logistic), Random Forest, Hypothesis Testing, QP/Convex Optimization, Statistical Modelling, SVM, PCA
Libraries & Tools	Pandas, NumPy, dplyr, ggplot2, lattice, caret, scikit-learn, matplotlib, RStudio, VS Code, Git, Jupyter Notebook

ACHIEVEMENTS

- AIR 18 — Indian Statistical Institute BSDS Merit List
- 98.36 percentile overall (98.98 in Mathematics) — JEE Main 2025
- 99.97 percentile in Mathematics — CUET (UG) 2025
- GOLD level alpha researcher – WorldQuant Challenge
